The strenuous **Yala Peak Climbing** guarantees to quench your adrenaline thirst as you ascend the snowy mountain with a spectacular view of Shishapangma (8013m) and Gangchempo (6386m). **Yala Peak (5500m)** is one of the easiest peaks to climb in Nepal and is located near the Tibetan border in the Langtang region. Yala Peak climbing is royalty-free and does not require prior mountaineering experience. However, some physical fitness is always beneficial.

The 16-day Yala Peak Climbing offers an extraordinary view of different mountain peaks like Langtang Lirung (7234m), Mt. Shishapangma (8013m), Dorje Lakpa (6966m), and Gangchempo (6386m). The climbing does not only offer you to stand on top of the peak but also takes you through the amazing Langtang valley full of stunning natural and cultural diversities. The trail takes you through the dense jungle filled with colorful rhododendron, oak, pine, and juniper trees, and huge meadows. The trail also takes you to the ancient Buddhist monastery "**Kyanjin Gompa**" surrounded by stunning peaks. The trail to base camp ascends through rocky glacier moraine. You climb the peak gearing up the ax, crampons, and rope for assistance. Upon reaching the top, you are rewarded with a surreal view of the Himalayas. The trekking trail also passes through several villages inhabited by Sherpa and Tamang people. You also get a chance to explore the culture and lifestyle of the locals.
